

CATIA V5 WITH INTERIOR TRIMS PLASTIC PART PRODUCT DESIGN TRAINING PROGRAM 12TH JANUARY 2019

Training to CPT, OPT and
STEM students per JOB
market requirements

Active help in finding
current open positions and
arrange for interviews

Guidance and help in
preparing/updating Resume
& Interview preparations.

Unique process for the
training of the candidates

Hands on Project work for
real time experience. Unique
certificates for students who
finished training at
MeritOne Engineering

			12-Jan-19	
		CATIA-V5	Introduction	
		Sketcher		
		Solid Modeling		
		Surface Modeling		
		Assembly design		
		Drafting		
		product design requirements		
		Automotive Plastics -Materials and Applications		
		Plastics product design fundamentals		
		Interior Trims		
		Interior parts and naming Convention		
		Injection Molding (Tool) Design basics		
		Interior Trims Design Standards		
		Interior trims CAD Modeling		
		Injection Molding Defects		
		Assembly and joining process		
		Analyse Moldflow Reports		
		Geometric Dimensioning & Tolerancing		
		Best Practices on Interior Trims		
		Design Timing Estimation data management		
		exercises

Solid Modeling				
Surface Modeling				
Assembly design				
Drafting				
Industry Requirements				
New design				
2D to 3D conversions				
Unparametric to parametric conversions				
Engineering changes				
Developing Criteria sections				
working with Customer standards				
Working with Assemblies				
Drafting and Detailing				
Production drawings				
Assembly drawings				
Essentials				
Co-Ordinate systems				
Body lines				
QC System				
DFMEA				
DFM
